ANGUS BULL SALE**

WELCOME CATTLEMEN AND FRIENDS!

DICK LISCO – 307.359.0167 | BRAD BONER – 307.359.1162 | TRENT BONER – 307.359.2708 | JORDAN LISCO – 307.359.1683 | TAYLOR LISCO – 307.359.2707

We would like to invite you to our 34th Annual Bull Sale March 27, 2026, at 1:00pm. The sale will be held at M Diamond Angus Ranch in Glenrock Wyoming. (see directions) Lunch will be served starting at 11:00am. So please join us for the hospitality before and after the sale.

It is hard to believe it has been 34 years. Friendship and a common viewpoint about raising good functional cattle brought our two families together, but it is the support and belief in our programs from our customers that have kept us rolling forward for 34 years. We would like to thank those who have supported our programs and welcome those of you attending for the first time. The friendships we have made over the last 34 years are the true treasures of this business. Brad and I have had the opportunity to watch each of our families grow and are proud to have them on the team. We could not do it without them! Taylor, Jordan, Trent, and their families, it has been a true blessing.

Our Registered Angus cattle are truly Born and Bred to Thrive under our tough range conditions known to Wyoming. That being true with the brutal winters and long hot summers we experience here in Central Wyoming. If they can survive and thrive here, we feel that they can excel in many environments. The calves are raised on mama's milk, grass and lots of Wyoming scenery. Mother nature is allowed to take its course so we can identify those with the "Drive to Thrive." With market demands and ever-changing range and weather conditions, the Angus female will always be at the forefront of our breeding programs. Grab an Angus cow's tail and she will pull you through about anything. We demand our cows utilize the available forage and convert it efficiently to breed back on time and bring in a big, healthy calf at weaning. We also place a great deal of emphasis on fertility, fleshing ability, mothering ability, udder quality, disposition, and structural correctness.

Again, this year we are extremely fortunate to have the bulls being developed at Track A Land and Livestock under the care of Chad and Jamie Harkins and their staff at Alcova, Wyoming. The bulls are being fed and developed with longevity and soundness at the forefront. If you are in the area, please stop by and have a look, Chad and Jamie run a first-class operation! Their place is approximately 20 miles west of Casper, Wyoming on Highway 220. Once again, we will be offering some excellent long aged bulls (summer calved) from M Diamond that have been efficiency tested and a group of stout virgin 2-year-olds from Lisco Angus. Videos of the bulls should be available the second week in March by going to dvauctions.com or liscomdiamond.com. A sale website has been developed, again at liscomdiamond.com. The bulls will also be PAP tested by Dr. Lanny Weddle with North Park Veterinary Clinic and he would be happy to answer any questions at 970-723-8314.

All the bulls have genomically enhanced EPDs and have tested free of all known genetic defects.

All the bulls in the sale passed a breeding soundness exam by Dr. Jim and Max Smylie, tested negative for PI BVD and have been PAP scored. The bulls will be at M Diamond Angus by noon on March 24, 2026 for inspection prior to the sale. If you have any questions, please feel free to call or e-mail.

Sincerely,

The Boner and Lisco Families

WE ARE GOING TO START THE YEARLING BULL SECTION OF THE SALE OFF WITH 2 FLUSH BROTHERS, LOTS 27 & 28. THIS FLUSH ROSE TO THE TOP VERY EARLY IN LAST YEAR'S CALVING SEASON AND NEVER LET UP. Sired by the great M Diamond Ranahan 111 who has stamped them with his consistent pattern of heavy muscled, wide topped, deep, and easy doing cattle. The donor dam of these bulls is the incomparable U2 Erelite 109Z. Best known as the dam of U2 Coalition and the dam of a string of herd bulls working throughout the west. She continues to move our program forward and has provided us with everything we hoped for when we purchased her from the U2 Dispersion in Canada in the fall of 2019. She is still going strong at 14 years of age. Her legacy will be felt in our herd for many, many years to come. This flush will produce progeny that will help you add to your bottom line.

U2 ERELITE 109Z IS ONE OF THOSE SPECIAL FEMALES THAT DON'T COME AROUND VERY OFTEN. SHE IS A UNIQUE BLEND OF MASSIVE POWER AND EXQUISITE FEMININITY ALONG WITH AN UDDER QUALITY AND STRUCTURAL SOUNDNESS THAT IS BEYOND COMPARE. SHE EPITOMIZES THE QUALITIES THAT WE ENVISION IN THE "PERFECT" ANGUS COW. WHEN THE OPPORTUNITY CAME TO PURCHASE HER, WE WERE DETERMINED TO BRING HER TO WYOMING THUS MAKING HER THE \$140,000 (CAD) HIGH SELLER OF THE HISTORIC U2 RANCH COMPLETE DISPERSION IN THE FALL OF 2019. AT 14 YEARS OF AGE, WE ARE SO BLESSED THAT SHE CONTINUES TO PRODUCE EMBRYOS AND REMAINS EXTREMELY RELEVANT TO OUR FUTURE.

AS WE PUT HER SONS AND DAUGHTERS TO WORK, WE CONTINUE TO BE EXTREMELY IMPRESSED WITH THE POSITIVE IMPACT THEY ARE HAVING ON OUR HERD.

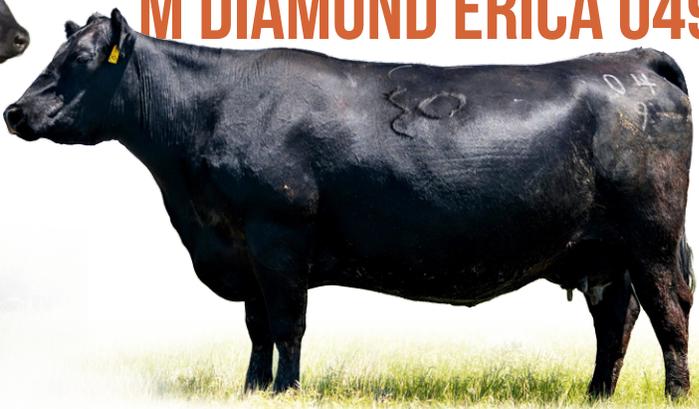

OWNED WITH SPICKLER RANCH SOUTH.
